Fourth Grade Supply List

2018-2019

Parents,

Students begin to switch classes in the fourth grade. Each year there is a problem with students running out of paper and pencils. Having the theme paper and notebooks should solve the paper problem. In an effort to solve the pencil problem we are asking that students have a pencil pouch to help them keep up with their pencils. Everyday each student should have four sharpened pencils in the pencil pouch to carry with them to each class. **Students may use a trapper keeper to help them with organization, but this does not take the place of the notebooks.** We wanted to get this information to you early because these items will be on sale during the summer.

Practicing multiplication facts and reading several books over the summer can help your child prepare for fourth grade. We look forward to a new school year and hope that everyone has a wonderful summer!

Thanks,
Fourth Grade Teachers
